Ensuring young Americans get the education they need to protect the freedoms that make America exceptional

Dedicated to educating young Americans in the core body of knowledge about what makes America exceptional

For our program, we direct students to **FREE** Hillsdale College online courses on the Constitution. These popular courses are open to anyone and can be completed in as little as **eight hours**.

HERE'S WHAT STUDENTS ARE SAYING ...

\$10,000 WINNER!

"One of the best ways I can help preserve freedom in America is to continue to educate myself and others. Education is freeing; it frees one to think for himself, question what he is told, and fight for what he believes in."

Carley Whitehouse

\$5,000 WINNER!

"The Constitution was made by Christian men who were seeking to submit themselves and their newly formed nation to God. The concepts held within are then, not secular but an extension of men seeking to live faithfully before a Holy God."

Leah Adams

\$2,000 WINNER!

"To preserve freedom in America, we must educate those who have lost sight of the United States Constitution. Today, two main factions exist in America: those who have forgotten the Constitution and those who avidly reject it."

Sebastian Mackliff Davalos

\$2,000 WINNER!

"Our nation can protect the Constitution by following its established rules and not deviate left or right in the path of free will."

Sergio Rodulfo

“Freedom is never more than one generation away from extinction. We didn’t pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children, our children’s children what it was once like to live in the United States where men were free.”

Ronald Reagan, 40th President of the United States
